"Have you heard about Erica and Opal's fight over Tom?"

"No, what happened?"

Conversations like these are commonly heard in the halls of NHS. Teachers and students alike watch America's daytime drama favorite, "All My Children", whenever they have the chance. "All My Children" and shows similar to it are watched everyday by Americans all across the nation. Commonly called "soaps", they have been pictured as the housewife's best friend for years, but recently these shows have become a favorite of all.

# AUTOgraphs reflect various personalities.

1

Have you ever heard the saying, "A picture says a thousand words."? Well, the same is true for the vehicle that a person drives. At NHS a variety of personalities can be seen by looking at the cars and trucks driven by the students. Camaros, Monte Carlos, Toyota, Datsuns and the like are just a few of the different car models that are seen in the NHS parking lot.

Cars are almost every student's pride and joy. On sunny days students can be seen at the local car washes giving their cars a bath. These industrious kids spend hours polishing and priming their vehicles. They spend large amounts of money on accessories to enhance the appearance of their cars.

Besides making you look good, a sharp car has other purposes. Transportation, dates, cruising, drive-in movies, and parking are just a few of the pleasures a car affords.

# The Dating Game do's and don'ts

Dating was a major activity for most NHS students. There were often complications that went along with dating such as finding a date, getting the car, and making it home for a curfew. All of us, at one time or another, have experienced being grounded for one reason or another. The less fortunate would wake up the morning after a hot date to hear their parents say, "You're grounded for life!" But there was a lot of good that comes out of dating as well. It's great to look back on your true loves and all the wild dates you experienced in high school. All of us have to admit that dating was worthwhile.

Go parking but. . .
Be yourself
Pull out a chair, or open a door
Dine at Rossini's
Shave, and brush teeth
Take a Binaca blast
Party
Have a great time

Do too much
Order a thick-n-chewy pizza
Let the girl pay
Go to an X-rated movie
Wear tons of lipstick
Smoke before kissing
Over do it
Blow your nose

1. Terry Kegler shares a brief moment between classes with his sweetie, Joanne Walker. 2. That look on David Brandon's face could mean that Tiffany Smith said "yes" to a date. 3. Margie Griffis and Stan Warren discuss each other's plans for the coming weekend.

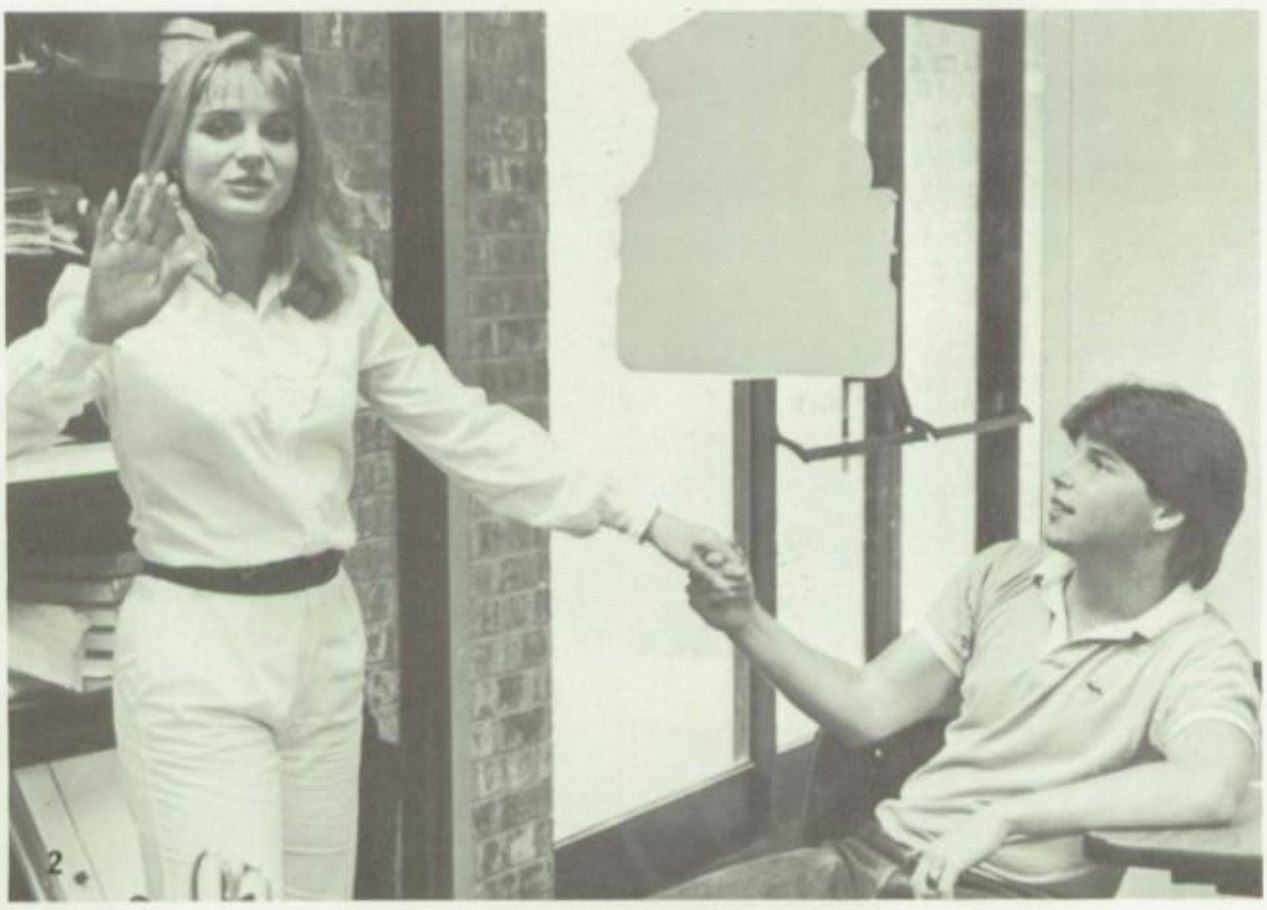
6. I'm not into S & M.
7. I'm babysitting for the next three years.
8. Check again, Bud!
9. Our wardrobes clash.
10. Only if there is a chaperone.



2

Did you ever have two dates for the same night, or you just didn't know how to break it to them softly that you just weren't interested? Well, if you answered "yes" to either one, often the best way was to say "no", but that isn't always the easiest. Next time the situation arises, let them down easy with one (or all) of the "Something suddenly came up's." Good luck!

1. Some boys will try anything, such as exposing their legs, to get a date, as senior Mike Jeffrey demonstrates. 2. The "Something Suddenly Came Up" list would have come in handy for junior Catherine Fenci as senior Ben Williams presses for a date. Poor Catherine!

# Fashions and fads appear at NHS

3

1. Many of the girls at NHS spent many hours a week shopping for clothes. Ann Braselton finds a dress for the senior formal. 2. Vans were a very "in" fad for both boys and girls. Students got the idea from "Fast Times at Ridgemont High". 3. Junior Amy Caughlin and sophomore Stacey Smith try out their vans on a van! Awesome Amy and "Spacey"!!!!

1. Boys continue to wear the baseball caps with various logos. 2. Becky Jefus models the western look. 3. From one extreme to another are seniors Myra Allen and Kelley Rayne. 4. Juniors Sally Reese and Hatti Sherrill are often seen in their splash painted shirts.

# Dragonettes work for perfection.

When school ended in May, work was just beginning for the 1982-83 Drill Team. In June, these 46 young ladies worked for one week from 8-10 a.m. to prepare for camp. They attended camp at SMU in Dallas and learned a variety of routines including prop, kick, jazz, and grandstand. They returned home with the Spirit Pom. This is an award given to the most well behaved and courteous group of girls. During the month of August, the Dragonettes prepared for another pre-football performance. The Dixie Major and Dixie Boys Baseball World Series was held at Pete Smith Baseball Complex here in Nacogdoches. The Dragonettes performed at the opening banquet and at the opening night entertainment.

Football season brought on more work. Everyday during sixth period and after school, the drill team could be seen in the auxilary gym working on routines for the football games and pep rallies. All of this work pays off in the long run, though. When the Dragonettes step out on the field, their hard work is exhibited. Heather Thorton, Sophomore member, said, "All the hard work is worth it when you hear the crowd and everyone compliments you." This seems to be the attitude of every Dragonette.

# NHS Flag Corps performs skills.

In the spring of 1982, girls started signing up for tryouts for flag corps. Practice was held for a week and a half and tryouts were held. Twenty girls were chosen at these tryouts. Tryouts were only the beginning for these young girls.

After tryouts were held, the flagcorps started practicing for performance at the spring football scrimage. They performed the routine in which they performed for tryouts. In Early August, the NHS Flag Corps helped serve and work at the Dixie Boys and Dixie Majors World Series which was held in Nacogdoches.

Two weeks before school started, the flags started work again. They practiced every evening from 5 p.m. to 7 p.m. on routines for football games and pep rallies. They performed routines to such songs as "Pac-Man", "Wabash Cannonball", and "Centerfold". After football season was over, preparation was started for the Spring Show. # Dragons make golden record

During the 1982-83 football season the Golden Dragons proved Coach McCarty's "family concept" with a 6-1 record. The Dragons won the Bi-District and to the Area playoffs. The only losses the Dragons suffered during the season were to John Tyler (and Conroe McCullough in the Area playoffs) while they defeated Marshall, Longview, Tyler Lee, Texas High, Pine Tree and Lufkin.

Coach McCarty feels that the Dragons played outstandingly this season. "The total team effort was the main reason for our success," stated Coach Mac. "I also appreciated the entire town's support." As was the case during the regulat season, the Nacogdoches fans turned out to support their team in Dallas and Houston. On many routes to these games one could see cars decorated for the occasion with streamers, white shoe polish, and the ever popular, "Coach Mac's Big Nac Attack" bumper stickers.

Although the entire team did outstandingly there was also exceptional play from several players. Hubert Douglas led the team in rushing, and kickoff returns. Douglas also was the leader in the scoring sections. Daryll Caldwell, quarterback, led the team in passing and was third in the rushing column. Jerry Deckard led in receptions, having 41, and was second in the scoring while Mark Moore led in interceptions and punt returns. Leading tacklers were Lorenzo Colston and Shag Matthews.

The Dragons success during the football season brought about cliches such as TST (Texas Stadium Time) and ADT (Astrodome Time). It can only be said that the Dragons have had their share in the spotlight this year. Let's hope that it shines again!

# Dragon boy's Varsity Basketball team had a winning season.

1

The Dragon boy's varsity basketball team had a mildly successful season this year. They finished with a 17-14 overall record and a 6-8 record in district play, finishing in a tie for fourth.

The highlights of the season were the upset wins over Longview and John Tyler, both of whom advanced into the play-offs. The win over Longview occurred when the Lobos were undefeated and ranked number one in the state, but the Dragons prevailed 55-53 in Nacogdoches. The Dragons District champions upset John Tyler 49-48 also in Nacogdoches.

The season ended on a good note as the Dragons went to Lufkin and beat the Panthers 54-42. The team won the consolation championship and the sportsmanship award at the Midway HS tourney in Waco in December.

Seniors Mark Moore, Jerry Deckard, Melvin Woodson, Nero Foster, and Kelvin McDonald played a big part in the Dragons' success. Juniors James Waters, Anthony Garrett, Harold Carney and Keith Christopher supported the Dragons with help from sophomores Mark Green, Jerry Holcomb, and Tiny Smith.

Mark Moore and Mark Green were named to the All-District team. Green was also named "Sophomore of the Year" in District 13-AAAAA.

# Boy's J.V. and 9th grade basketball records the wins of the season.

1. The team awaits the referee's decision on a play.

This year has been a good but slow year for the J.V. and 9th grade boy's basketball team. These teams in reality are stepping stones for the goal of varsity basketball. The J.V. and 9th grade teams have worked hard this year and plan to work even harder next year on techniques and style for future playing.

1. Using his best style, number 22 passes the ball to fellow teammate for a quick score. 2. The team rushes down the court in order to stop opposition from scoring.

# Girls Basketball shoots the hoop for record score.

The 1982-83 Lady Dragons Varsity Basketball team, coached by Coach Gordon Fountain, had gained experience from the previous year through sportsmanship and teamwork. This gain helped the team come from a 2-25 season last year to a 10-16 season this year. Even though the team didn't have an unbeatable season, they still believed that if one had the desire to win and an attitude for winning, then one could win. Their goal for next year is to improve in their style and make another winning season.

Coming up through the ranks in basketball can be hard but not impossible. The J.V. team, coached by Coach Pam Sears, showed that with a little enthusiasm and teamwork, the gain can be accomplished quite easily. Their experience in the lady basketball will influence their performance next year in varsity and in future life.

# Dragon Swim team races for record-breaking success

This year has become one of record-breaking success for the Dragon Swim team. Beginning only last year, the team has raised itself up to a level of district and state competition. The team had much support from head coach McCarty and parents in the community. This support helped make the team push even harder to have all team members qualify for regional meets. As before and always the team will try harder and be forever a permanent part of N.H.S. Dragon sports.

# Girls Volleyball makes a stand in Dragon sports.

For Lady Dragon Volleyball, the year '82-'83 has been one of trial and error, triumph and victory, and an overall feeling of good sportsmanship.

Coached by Judy Justus, the varsity team has worked hard and long this season. Although their season was not as successful as they would have liked, the team is on their way to higher grounds of competition.

The J.V. Volleyball team had a close but disappointing season. Only losing by one game, the J.V. team missed their chance of having a winning season. Even with this disappointment, the team is looking forward toward next season and a more competitive year.

1. Members for the '82-'83 Lady Dragon Volleyball team are; Front row: Liz Woodson, Rita Henderson, Monique Lampkin, and Janis Edwards. Top row: Rhonda Chancey, Patrica Adams, Tangela Howard, Dianne Johnson, Melissa Powers, Alberta Banks, and Coach Judy Justus.

# Dragon Soccer team makes beginning in sports.

This was the first year for Nacogdoches High School to have a varsity soccer team. The team, coached by Coach Farshid, had many struggles and disappointments throughout the year. Many feel that through the addition of this sport to N.H.S. has been beneficial in the long run. The climax of the season was the winning over Lufkin 3-0 in the last game of the season. That in itself is enough to make the players of '83-'84 go for the Gold and Black of a record year.

1. Clint Smith uses his technique to get the ball off the ground and into play. 2. With ultimate determination, Brent Cariker, gets the ball away from the feet of the opposition.

# Boy's Golf "tee" off to a great season.

The year 1983 brought on many changes to NHS. One of these was the naming of Kathy Alexander as the new golf coach. With her help and many long hours of practice, the Boy's Dragon Golf team developed techniques in golf to perfection. With the practices every day, the team came back home many times with first, second, and third place trophies. This year has been wonderful for the team and the returning lettermen looking forward toward next year when they can improve their techniques in their game.

1. Members for the Boy's Dragon Golf team are: Kelly, Bill Terry, Coach Kathy Alexander, and Rodney Socia.

# Girls' Golf are in the swing of things.

Going on their third year, the girls' golf team had a coach change at the beginning of the year. Kathy Alexander, though new to the team, helped quite a bit to bring the team to a high in golf tournaments, often coming home with winning trophies from the game. Next year holds promise for an even better team with returning lettermen having a chance to improve their skill in the game.

# NHS Tennis team serves up a Golden record.

The 1982-83 varsity tennis team had a good season this year. Many newcomers helped bring the moral up for the team. The returning lettermen kept the Dragon spirit alive and in rhythm with the team. Many times during the year the team brought home trophies and awards they had won. This also helped the team to strive for the top.

The J.V. team followed much in the same pattern as the varsity team. They came home also with many more awards and good memories than last year of their games. Next year holds for many adventures for the members of whom will be entering the varsity team.

The 9th grade team was designed for the purpose to introduce incoming freshman to the aspects of tennis without the intimidation of skilled players. It worked well this year for learning and refining techniques. Next year will be exciting for those members who go on to compete with skilled players of the varsity and J.V. teams.

# Boy's Track makes the score with running.

1983 has been a year of records to be set in Boys' Varsity Track. Many of these records were won in shot, discus, meter runs, long jump, and pole vault. All in all this year has gone real well for the team and their hopes for next year are that they will gain more confidence to become winners in all categories.

The J.V. Boy's Track team had a good season with winning one track meet. They also won in Crockett relays and placed 4th in district.

# '83 Girls track makes a run for the Gold

# Varsity Baseball makes a pitch for the Black and Gold.

The Dragon Varsity baseball team this year came out with a 15 and 7 winning streak in their games. Many players felt that all their hard work in J.V. baseball last year paid off when they won their games. Their hard work ran into the last part of the year when they won their last few games which left the returning lettermen the confidence to come back next year and win again.

# J.V. Baseball takes charge and goes for it.

The 1983 Dragon J.V. baseball team was led by Coach Don Hamilton. The team did fairly well in their games but only winning a few. The year was the best however in the aspect that it was a time to improve in baseball skills for next year in the varsity team.

# Dragon Spirit promoted by Coaches

The coaching staff at NHS has a great deal of importance in high school sports. The coaches try to promote good sportsmanship and the "Family" concept of teamwork. This promotion is emphasized by athletic director, Steve McCarty. Together with a fantastic group of head coaches and their staff, Coach McCarty has produced a winning team in high school athletic sports.

### The Awful Unknown

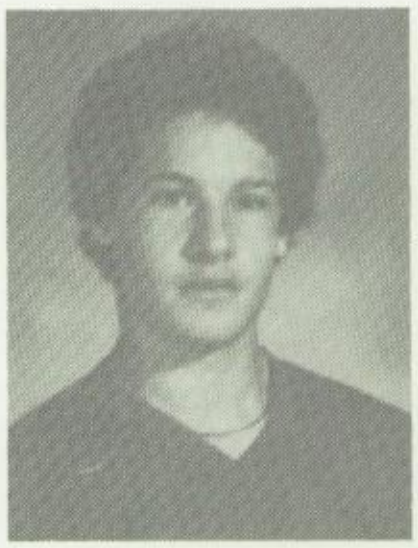
'Tis not the actuality of a troll
That scares a child,
But the unknown contents of a pitch
black hole
That drives one wild.
Man is not afraid that life will end.
The terror is the question of when?
when? when?
The awful unknown is what I fear.
Will all that I love suddenly disappear?
Oh, what great horrors tomorrow could
bring,
Death, the end of the world, pain . . .
anything?

### The Mind of a Philosopher

A mathematician, upon solving enough
equations,
Will find the answers.
A scientist, upon doing enough
research,
Will be rewarded with the truths.
But, woe to him whose mind ponders
the realm of philosophy,
For in philosophy the answers are the
questions themselves.

# In Memory Of.

Saundra Allen



Ronald Hodge

The 1982-83 Book N staff dedicates this page to the memory of Saundra Allen, Ronald Hodge, Mr. Ray Richey, and Jevance Williams. There will always be a vacancy in the student body and staff that can only be filled with their presence. All of these people contributed to the school in numerous ways. We must take consolation in the fact that our loss is Heaven's gain.

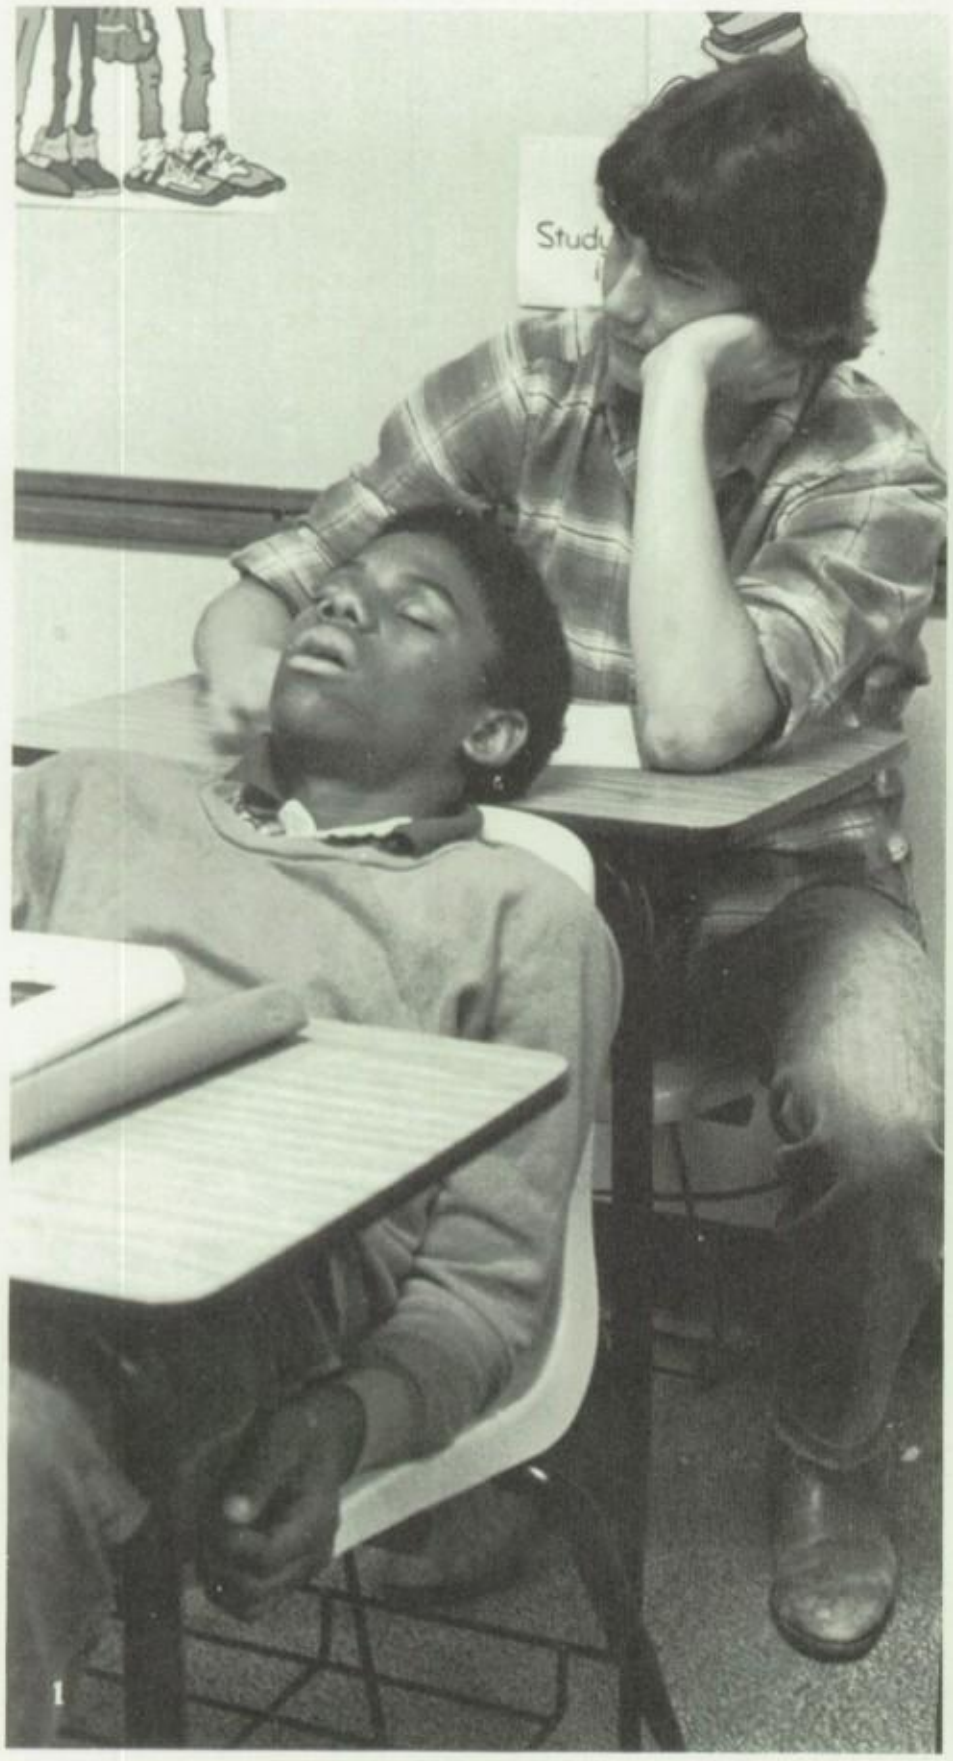
# Students have time for work and play.



1. Freshmen and Sophomores are pros at sleeping in class. 2. Cheri Tallent and Adaire Hallman observe all the happenings at the baseball park. 3. Stacy Smith shows an expression of shock during one of the baseball games. 4. Don Beasley, chemistry teacher, smiles for the camera. 5. HOCT and HOPL students clown around in class. 6. Despite the cold weather, some of the members of the NHS girls track team still manage a smile while waiting for their events during a track meet. 7. Catherine Fenci takes time out to brush her hair while working on the Student Council Brick Wall. 8. Daniel Stewart and Alan Atchinson try to be cheerleaders at the annual FCA Powderpuff Football Game. 9. Ben Williams gives Perri Ann Skipper and BeLynda Smith an affectionate hug.

# Yearbook staff works long hours on Book N.

Dovie Biggerstaff—Editor

Janet Martin—Asst. Editor

The 1982-83 yearbook staff is proud to present the 1983 Book N to you. Many long hours were put in to this book and it is our hope that you will treasure it in the years to come. We have tried many new ideas in this book including a new type of cover and a recording of the sounds of the school. We were a small staff but we worked hard and many days after school were spent in the yearbook room pouring over pictures and trying to find just the right layout. Copy can be written, pictures can be taken but it is not a book until someone puts it together. That was the goal of the 1982-83 yearbook staff. Special thanks to Ms. Elaine Sellers for answering all of our questions and being there to help us. Also we would like to thank Ben Carter, our ICP representative.
